

Bug Report

Title: IMDb Rating System: "Rate" Button Disabled When Rating with 10 Stars

Environment:

- **Device:** Desktop/Laptop
- **OS:** Windows 10
- **Browser:** Google Chrome v91.0.4472.124
- **Website URL:** [IMDb.com](https://www.imdb.com)

Preconditions:

1. User must be logged into their IMDb account.

Steps to Reproduce:

1. Open a web browser and go to [IMDb.com](https://www.imdb.com).
2. Click on the Menu button in the top left corner to unfold the menu.
3. Navigate to the "Top Box Office" section.
4. Click on the 2nd item in the Top Box Office list.
5. On the movie's page, click on the IMDb Rating button.
6. Click on the "Rate" button to open the rating modal.
7. Select a 10 stars rating.
8. Observe the state of the "Rate" button.

Expected Result:

- The "Rate" button should be enabled, allowing the user to submit a 10 stars rating.

Actual Result:

- The "Rate" button remains disabled when a 10 stars rating is selected, preventing the user from submitting their rating.

Additional Information:

- This issue does not occur with other star ratings (1-9 stars); the "Rate" button enables correctly for those selections.
- No error messages are displayed.
- This issue was reproducible on multiple accounts and devices.

Severity: High

Priority: Medium

Attachments:

- Please refer to the attached screenshots for reference.

Screenshot Name	Status
imdb_rate_1	As Expected
imdb_rate_9	As Expected
imdb_rate_10	The rate button is disabled and greyed out.

- Video recording of the steps to reproduce the issue.(Not included here)

Notes:

- The bug affects user interaction and prevents accurate user feedback for movies, which could impact overall ratings and user satisfaction.
